mainly girls

Mainly Girls is a 501(c)(3) non-profit organization based in Aroostook County that supports girls by creating empowering opportunities through arts and adventure based activities, bookclubs, and civics initiatives.

Our mission is to work proactively in rural communities and at the state-level to effect positive change in the lives of girls.

Studies have shown that when girls are given safe space and time to explore new connections and experience self-affirming experiences, they tend to be more independent, powerful and productive adults!
